## LITTLE-TREE FARMS

## A Complete Service

I. THE BIG GLASS HOUSE. Under one roof we have gathered together what we feel is New England's most complete stock of horticultural needs. We have here a varied and interesting line of garden and grass seeds, bulbs, fertilizers, potted plants, pottery, glassware, garden vases and jardinieres, gazing globes, bird baths, window boxes, plant tubs, garden furniture, rustic and formal, garden books, hundreds of novel and interesting garden gifts, and all other outdoor living requisites.

We also carry a living catalogue of nursery stock, including evergreens, broadleaves, flowering shrubs, shade and flowering trees, roses, fruit trees and perennials. All are freshly dug and ready to be loaded on your car. The Big Glass House is open every day in the year, from 9 A.M. until dark.

II. THE LANDSCAPE SERVICE. To maintain our landscape department, we have at our command a trained and experienced personnel of landscape and forest engineers, foremen and gardeners; all necessary resources of equipment in tools, machines, and plant material to plan, undertake and carry through any specified operation, large or small, from the design and construction of a great private estate or public park, to the artistic development of the grounds of a modest suburban home or city backyard. Ask to have one of our representatives call on you.

III. TWO SUPERB NURSERIES of national reputation, maintained as a plant supply base for this service, stand ready to meet your particular need for any plant material.

## FRAMINGHAM CENTRE, MASSACHUSETTS

I. HOW TO REACH OUR NURSERIES. Little-Tree Farms is located at Framingham Centre, 20 miles due west of Boston, Massachusetts. To reach us, take the new Boston-Worcester Turnpike, Route 9, to Traffic Lights at Framingham Centre; then Pleasant Street, on Route 30, 1/2 mile north, to the Farms.

II. GUARANTEE. All our stock is true to name, is freshly dug, and so wrapped or packed that it will reach you in first class condition. With proper after-care, losses will be reduced to a minimum. Should any stock purchased at the prices shown in this list fail to withstand the shock of transplanting, we will re-supply the same, f.o.b. our nurseries, without charge, provided the account is paid within 30 days of date of invoice and such failure to grow is reported within 90 days of purchase. We will also re-supply any plant found not true to name, or refund the amount paid for same, but it is understood we will not be held responsible for a sum greater than the purchase price.

III. QUANTITY DISCOUNTS. For from 5 to 25 of a single size and variety, deduct 10% from the each rate as listed; for from 25 to 100 plants, deduct 20% from the each rate.

IV. PACKING AND DELIVERY. The prices in this list are here at the nurseries, and packing and shipping will be charged for, at cost. We are equipped to make truck deliveries throughout New England at a cost which in most cases is not greater than the combined cost of packing and freight or express. This is a very satisfactory method as plants are delivered fresh directly to the planting site.

V. TERMS. We are glad to extend 30 day terms to established accounts; also to new accounts via references. Otherwise, please send cash, check or money order with your order. Our guarantee is void on over-due accounts.

## ROSES

LITTLE-TREE FARMS roses are strong, two-year old, field-grown plants of finest quality. We guarantee them to be in A 1 condition when they are delivered to you. See our General Guarantee on Page 3.

POTTED PLANTS of most varieties may be had after May first, at an additional cost of 25¢ each. Our new method of potting roses allows for full development of root growth, since each plant is growing in three times the amount of soil formerly provided.

## ACTIVITIES IN THE BIG GLASS HOUSE LITTLE TREE FARMS PLEASANT STREET, FRAMINGHAM CENTRE, MASS.

### PLANT MATERIALS

There are always plants for sale in The Big Glass House. Cheerful, brilliant bulb-flowers; all the familiar blossoming house plants, and many unusual ones; trailing and foliage plants; queer succulents and decorative cacti. And in spring, summer, and fall, every type of fine nursery stock is available at the Glass House.

### SHOWS AND EXHIBITS

Of universal interest are the monthly shows and exhibits held in The Big Glass House. Perhaps the show of the moment is a grouping of new and beautiful Peonies, Irises, or Dahlias; or a revelation in how versatile greens may be in the fabrication of Christmas decorations. Whatever the exhibit, it is intelligently and exquisitely displayed. You are cordially invited—as a guest.

### GARDEN REQUISITES

The very name “garden requisites” brings something different to everybody’s mind. Yet, no matter whether you are thinking of garden furniture, gazing globes, bird baths, tools, window boxes, fountains, flagstones, fertilizers, sprinklers, or a hundred feet of hose; you will find just what you are looking for in The Big Glass House.

### GARDEN GIFTS

There are literally thousands of them in The Big Glass House. No matter what the season, you may find many appropriate things to bring pleasure to a member of the family, or a garden-minded friend. No matter how much or how little you wish to spend, you will be sure to see something that just fits the occasion.
